Kaisha Crupi, Senior Consultant

Overview of Expertise

Kaisha is a skilled evaluator with strong skills in facilitation and evaluation capacity building. From her Masters of Evaluation, Kaisha has developed a passion for understanding and embedding various evaluation methodologies to suit the need of any given project. She has a vested interest in inclusivity, particularly around feminist evaluation methodologies, and ensuring all measurement, evaluation and learning practices are fit-for-purpose, utilisation-focused and tailored to the needs of the project and its context.
